Pannónia
Scholarship Programme

PANNÓNIA Scholarship Programme

- Developed with the Hungarian universities with **the goal of strengthening international relations** in higher education sector,
- similar to Erasmus+ as a lump sum grant is provided to the model-changed universities on the basis of weighted pre-identified needs,
- can be used from 1st June 2024 to implement student, teacher, researcher and staff mobilities on the basis of new bilateral contracts.

the Hungarian government is committed to achieve 20.000 outgoing mobilities until 2030

more funding is allocated
to the higher education sector

to provide outgoing mobility opportunities to the model-changed universities, as the Council Implementing Decision is still in effect

21 Hungarian universities, which comprise 60% of students and staff of the Hungarian higher education sector, are limited in international mobility

FAQ

If I go on mobility, can I still finish my UP courses on time with my classmates?

Yes, you may request the prolonged exam period (till March 20 or September 20) which gives you plenty of time to finish your exams after returning to UP.

FAQ

Can I pick a university that isn’t on the official list?

For the *long-term student mobility* – No. Please select your study destination from the list provided by the coordinator.
For the *short-term* and *traineeship mobilities* – Absolutely!

FAQ

Will the scholarship pay for everything, or will I need extra money?

The actual amount of the scholarship depends on multiple factors, but in general it does NOT cover all of your expenses. Scholarship disbursement: **90% pre-financing – 10% post-financing.**

FAQ

How many courses do I need to take while I’m abroad?

You have to complete at least **3 psychology courses** or a minimum of **15 ECTS credits** in psychology during your mobility period. You are welcome to take additional non-psychology courses; however, these can only be recognized (as elective courses) if the primary psychology course requirement has been met.

FAQ

How does the process of getting my courses recognized back at UP work?

You have to fill in a form BEFORE and AFTER the mobility, too. There are two main ways to get your courses recognized: i) ***match them*** with one of your courses at UP; ii) use your ***elective course credits***. Please note that every course you complete abroad must be recognized upon your return.

FAQ

How can I apply?

Check the university's website for new calls for application.
Pro hint: always select multiple study destinations in your application.
